

PETELANE & THE  
WEEDS

BANDBOG

## **THE WEEDS**

A 4-piece band from Bristol /Weston-super-Mare playing original alternative Rock n pop.

With a cauldron of influences spanning decades:

Kings of Leon & The Pixies / Beatles & Stones / Pink Floyd & Fleetwood Mac / Clash & Talking Heads / Zeppelin & Hendrix / Tears for Fears & Talk Talk / Tom Waits & Tom Petty / Radiohead & REM / Gomez & Elbow / Arcade Fire & LCD Soundsystem. / War on Drugs & Idles / Sam Fender & Ezra Furman /....

### **A brief History**

Established journeymen of the Bristol music scene, with signings to Island Records and One Little Indian between them. Extensive European and USA tours in the 90's opening for bands like Pearl Jam, The Cult, Pavement, Roy Ayres , Skunk Anansi & The Chilli Peppers.

The Weeds as individuals are not newcomers. After the 'merry go round' of the 90's, things settled down for a while and bands came and went. Never quite ready to quit, it was the catalyst of singer songwriter Pete Lane that emerged & captured the interest of Julie, Andy & Ben, encouraging them to get back in the saddle again and get behind his original alternative music and so The Weeds were formed.

### **To date:**

The first release of their debut album 'Note to Self' and the local gigs that followed led the band to know they had something to say.

Their follow up Ep 'Hear no Evil' really started to galvanise their sound and propel them forward.

Their latest ep release 'See no Evil' show cases the new songs and a new energy. The passion and commitment to drive them home is taking the band to another level.
